How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

The I. O. O. F. of Lancaster, has purchased a building site from Romans & Emore for \$1,200 on which a handsome theater will be erected. The structure will cost \$10,000.

President Chas. F. Grainger, of the Louisville Jockey Club, has declared the Fall races off at that place on account of the threat of Sheriff Scott Bullitt to arrest all people found gambling. A wise conclusion, Mr. President Grainger. Your head is always level.

At London an altercation took place between Chief of Police E. W. Moren and City Tax Collector Robert Root at Bert Edwards' restaurant, which resulted in a pistol duel, in which both men were painfully, but not necessarily fatally, wounded. Root is shot through the right thigh and left knee, and Moren is shot through the right thigh. Both are doing very well. Trouble came up over a joke.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by Penny, the druggist 25c.

CHURCH MATTERS.

Noury Karagozian will lecture at the Rowland church Tuesday night at 7:30. Subject, "Marriage Customs of Turks and Armenians."

A protracted meeting will begin at the Baptist church Monday, 21st. The pastor will be assisted by his brother, Rev. J. A. Taylor, of Shelbyville, Tenn. All cordially invited.

Afflicted with Sore Eyes for 33 Years.

I have been afflicted with sore eyes for 33 years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earls, Cynthia, Ky. Chamberlain's Salve is for sale by all druggists.

J. H. Thompson bought a lot of 600-pound heifers at 3c. He also bought a Jersey cow for \$50.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of to-day; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by Penny's Drug Store. 50c and \$1. Trial bottle free.

One woman who had the idea that hens could be fed cheaper and made to do as well, tried the idea of putting half sawdust in said hens' feed. They seemed to enjoy it, and the woman taking courage, began increasing the proportion till all the mash feed was sawdust. Then she set a hen and in due course of time all the eggs hatched, but imagine her surprise when she came to take the hen and her brood off the nest—three chicks had wooden legs and the balance were woodpeckers.—Farmers Home Journal.

Refuse substitutes. Penny's Drug Store.

Vote For A New Court House.

The proposition to build a new court-house, to be submitted at the ensuing election, is of vital importance to the people of Lincoln county. Walving all discussion of the antiquated appearance and lack of convenience and accommodations of the present buildings, the fact remains that a number of skilled architects and competent workmen, after careful examination, have pronounced it unsafe, and several grand juries have condemned it as being unfit for use as well as dangerous. It is liable to fall at any time, especially when filled with people. Surely no tax payer would be willing to have one person killed for the price of a new building, much less a house full. On account of a lack of accommodation the fiscal court is now compelled to pay rent for four of the officers who should be located in the court-house building. The vaults are so damp that the records are rapidly becoming ruined and this result can not be avoided. Papers filed away only two years ago are damp and mildewed. Everyone knows the necessity of preserving these records. They contain our land titles, the records of marriages, the settlements of guardians and administrators, the results of litigation and so on. The reports of the Appellate Court show that there is no more fruitful source of litigation than where the public records are lost, as has happened in many of the counties by fire. The amount asked in the appropriation is practically no debt for Lincoln county, and, considering the present excessive cost of material, is as little as would erect a respectable building. Bonds for the amount can be easily floated at a low rate of interest on long time and finally paid without any one missing the money. The objection has been made that if there should be a favorable vote on the proposition the amount would only start the building and necessitate the calling for additional sums with which to finish, leaving it doubtful as to the ultimate cost. This objection is untenable, for every dollar that goes into the building must be obtained by a two-thirds vote of the people and they can control that matter.

Nearly every little mountain county in the State, many of them not worth one-tenth as much as this, has a handsome court house building and Lincoln deserves one too.

We are in full accord with the good people of Lincoln county in their opposition to a waste of the public money, but we are satisfied that when they become acquainted with the facts about the court house, which have been but mildly stated, that they will not hesitate to vote for the proposition.

The Court of Appeals reversed the judgment of the Fayette Circuit Court in the cases of the Commonwealth against Moses Kaufman and Fred Lazarus, in which the lower court sustained a demurrer to indictments charging appellees "with having unlawfully and willfully performing the duties of an election officer in such way as to hinder the objects of the election law" in the November, 1906, election, and remands the cases to the court below for trial on the indictments.

His Dear Old Mother.

"My dear old mother, who is now 83 years old, thrives on Electric Blitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Blitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by Penny, the druggist. 50c.

Shanks, the nominee for the Legislature. His speech was well received and was in defense of the State administration. He is a pleasing speaker and presented the facts in their true light. LATER.—It is more than likely that a \$50,000 building will be built and trustee to the town, Prof. Fisher donating his holdings, with the privilege of retaining the college 12 years.

THE editor of this paper is fully enjoying a delightful visit with his brother, Mr. W. P. Walton, of Lexington, at their sister, Mrs. I. N. Vaughan's, at Ashland, and with relatives at Richmond. In fact it is a re-union of the family and to again be together and talk over memories of their dear old Virginia home in tenderest love and affection. Since leaving their old home many years ago, no doubt many changes have occurred in the way of improvements in this most progressive age; loved ones have gone to that eternal home to await the bugle-call of the resurrection morn; friends and relatives have married and intermarried; playmates and school mates then are now lawyers, doctors, clergymen and business men of high standing; girls that once were the idols of their hearts and the apples of their eyes are now married (most of them); new comers have taken charge of old business firms and farms until everybody is perfect strangers to these two lovers of the grand Old Dominion, the mother of the proudest and grandest Commonwealth in all the Union. The Messrs. Walton are now taking "in the Jamestown Exposition and "seeing the sights" of that splendid and historic exposition. We ask the indulgence of the I. J.'s readers this issue in the absence of the genial, big-hearted and versatile editor's splendid editorials and spicy locals.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past 10 years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by all druggists.

THEATRE TALK NO. 2

It pays to wait after all, for the good comes in time, even in the drama, bringing a splendid recompense for some of the "cheats" you have had.

"Monte Cristo" which comes to town pretty soon is a play that can be seen again and again by those who have souls to feel the spell of real dramatic drama. IT RANKS AS ONE OF THE GREATEST DRAMATIC TRIUMPHS OF THEATRICAL HISTORY, both artistically and financially. It has had phenomenal success throughout the entire world and will live in the annals of the stage as one of the highest examples of dramatic literature. NO EVER MERITORIOUS A PLAY WITHOUT AN INTELLIGENT CAST, an artistic and effective production is impossible. No pains or expense has been spared to get the best. Young, bright, intelligent, resourceful actors have been selected in each instance, with express reference to adaptability to the parts assigned them.

Real Romantic Drama!

THE AMERICAN people are broad gauged and liberal minded. They are ready to hear any remarks, listen to any song, read any book, see any play, try anything new, and they pass their verdict promptly and infallibly. ANYTHING THAT BECOMES POPULAR IS GOOD, AND NOTHING CAN BECOME POPULAR THAT IS NOT GOOD. The people never make a mistake. Newspaper advertising will induce the readers to try anything that's advertised—once. MERIT DOES THE REST. A shining example of this principle is that of the romantic play, "Monte Cristo" which will be presented in this city soon. This play has been produced season after season for seventy years. IT MUST BE MERITORIOUS DON'T YOU THINK? USUAL PRICES WILL PREVAIL.
